Past Commanders

So you thought that you were done with me huh? Well, for those of you that have been around (well, I guess that is most of us!) you know that I do not go away that easily! One more meeting, one (well ok, maybe two or three) more times of hitting you with a fine or fines, and more memories for me to cherish as the Supreme Commander of The Tennessee Volunteer Corps!

This past quarter every one of us that are Colonels helped out the Tennessee Jaycees! The organization is struggling financially. Many of their revenue sources have had to cut back on their funding. However, there were still bills to be paid, one of which was paying Uncle Sam. We talked about it, and decided that The Tennessee Volunteer Corp would step up and give to the organization that had given us so much. We wrote a check made out to the IRS in the amount of \$500.00 to help pay the Tennessee Jaycees Taxes!

The next time you complain about paying your fine(s) understand that your money not only goes to support the Corp but also goes to support the organization that we have all enjoyed for so many years. When someone asks you what the Corp does for the organization, let them know that we are here to support the chapters and the state! Not only are we willing to come out and train, to speak, to work, and to assist in many ways, we also have assisted by paying some of the taxes to the IRS! Instead of just saying we are here to support you, we have stepped up and put our money where our mouth is!

I look forward to seeing you this weekend in Clarksville as we celebrate the closing of the second quarter and the induction of the new Supreme Commander!

As many people continue to recover from the flood, please keep them in your thoughts and prayers; pray for our young men and women that are serving our country to protect our freedom and our rights; pray for those that are going through some incredible difficult times; and pray for your fellow Colonel, so that we can continue to help out each other, our families, and our communities.
